

BEYOND BEAUTY

RIGID UPVC SHEET

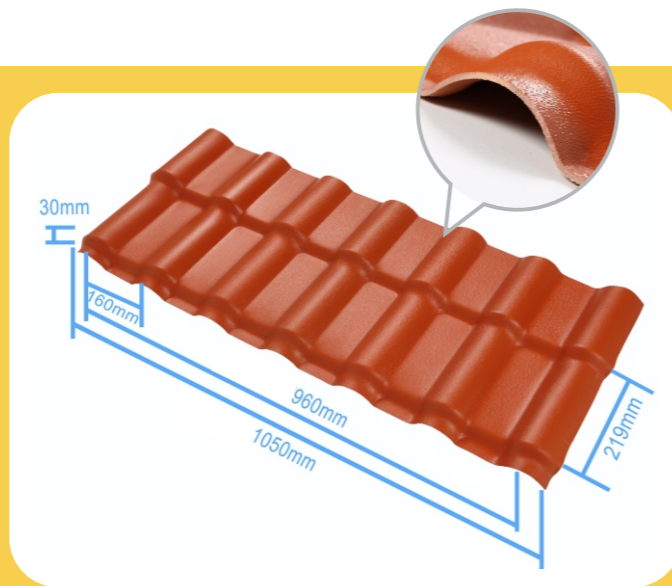

Surface: Embossed

Length: Customized based on the pitch
(Pitch:219mm)

Width: 1050mm

Thickness: 3.0mm 2.8mm 2.5mm

Application: Villa, Loft, Gallery, Gazebo, Garden
Pavilion, Flat-to-Sloping Renovation

Kalon List of Accessories

Feature

1. Long lasting color
2. Excellent anti-load capacity; as the result of the test, in the case of the supporting distance is 660 mm, there is no crack and damage on the roofing under the load of 150kg
3. Good noise absorbing function and insulation
4. Excellent corrosion resistant, according to the test carried out over a period of time, there is no chemical reaction when soaked in acid, alkali and salt solution for 24 hours
5. Good shock resistant and low temperature resistant
6. Excellent heat insulation performance
7. Volume stability; the roofing expansion coefficient is $4.9 \times 10^{-5} \text{ mm/mm/}^\circ\text{C}$, also with two-way stretching performance in geometry, so the stability of the geometric dimension still can be ensured even if the temperature varies remarkably
8. Excellent water resistant
9. Strong fire-retardant; according to the test, fire-retardant $\geq \text{B2}$ level
10. Excellent insulation
11. Environment-friendly; the product is made of thermoplastic resin and can be recycled, thus an environment-friendly product
12. Rapid installation
13. Good using temperature, from -40°C to 70°C
